SNOW REMOVAL AND WINTER DRIVING

The Village of Antioch snow removal policy is as follows: After one inch of snow accumulates, please note that no parking is allowed on any Village street until snow removal has been completed. Also, no plowing, snow blowing, or shoveling of snow onto Village streets is permitted.

In order to avoid mailbox damage, please follow US Postal guidelines for the replacement of your mailbox. Please see the article in this newsletter for more information on reporting mailbox damage.

We do receive complaints of snow being pushed in driveways during snowstorms, so we ask you to wait until the shoulders are pushed back before shoveling your driveways. Snow removal operations are adjusted as the storm dictates. Snow removal will continue until each roadway and street that the department is responsible for has been addressed. The department does not address roadways or streets based on calls to the department. Rather, the department clears roadways in the order of main streets first, side streets second, and dead-ends, cul-de-sacs and others last. The Public Works Department does not plow State or County roads.

The previous winter seasons have taken a toll on the salt reserve inventory. The Village of Antioch has ordered an adequate amount of salt; however, we will be monitoring the supply and use of the salt carefully. As with last year, the Village of Antioch will be using a salt/sand mixture throughout the Village to conserve the salt that is available to the area. This type of mixture is also preferred when there are freezing rain and icy conditions. As always, motorists are cautioned to be aware of roadway conditions, and to drive appropriately in all winter conditions. Give yourself additional time for traveling during this time.

Now is the time to inspect your vehicle in preparation for winter. An emergency kit with a blanket, first aid kit, snow brush, a bag of kitty litter, a cell phone charger, and a shovel are just some of the items that you may wish to have available.

This does not include damage due to the force of the snow when pushed by a plow. When a driver observes a damaged mailbox, they will provide you with a notice of the cause for damage. If your notice states that your mailbox has been damaged due to direct contact with a snow plow, you may be reimbursed up to \$75 for your mailbox, once receipts and the necessary paperwork have been submitted.

If you did not receive a notice, and wish to report mailbox damage due to direct contact with a snow plow, please contact the public works department at 847-395-1881, or visit our website at www.antioch.il.gov to send an email.

THE FIRE DEPT NEEDS YOUR HELP!

The winter of 2008 provided our area with all the snow they promised, and quite a bit more. The Fire department wants to remind everyone that Snow-covered fire hydrants, blocked access routes, and covered address markings will slow down not only the department's response, but also our ability to provide the necessary emergency service. There is something that you can do to help.

Everyone in the community, residents, business owners, and snow removal crews can assist the Fire Department by

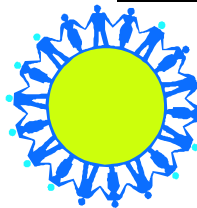

clearing away the fire hydrants, and keeping an area approx. four feet around the hydrant clear. Furthermore, when possible, keep the sidewalks, driveways, and entrances to a business or residence clear. The snow removal companies can help by making sure they are not placing the plowed snow in any of the above-mentioned areas, which would create the hazards we are trying to avoid. The recent snowstorms combined with little or no snow melting has led to a situation where the snow on the ground has passed the height of a hydrant.

In this situation, the clearing of hydrants becomes crucial; and by taking the extra effort, we may all be preventing a tragedy.

The fire department wants to remind everyone that shoveling snow can be a very labor-intensive process, and anyone who may doubt his or her physical condition should take it slow and get someone to help you.

Anyone needing further information is asked to please call the Fire Department at 847-395-5511.

OPEN ARMS STUDENT MEAL PROGRAM

Open Arms Mission is seeking sponsors for its Back Pack Program that provides children in need with a back pack filled with nutritious foods for them to eat each weekend. The program was started because many children do not have access to nourishing foods on non-school days.

Each grade school age participant receives a back pack with nine meals, six snacks and juice every Friday afternoon. A referral comes from the participating school as a child in need is identified by the school social worker. OAM currently provides backpacks to 42 children.

This program started as a pilot program in 2007 and the program has continued into the 2008 school year with the same school, said interim executive director Marytherese Ambacher. "Our hope is to find a sponsor to step up and provide funding to continue the program at the current school and expand it to include all 13 schools in the Lindenhurst, Lake Villa and Antioch areas."

In the meantime, donations and volunteer shoppers keep the program going.

For more information about the program please contact Open Arms Mission Food Pantry, 847-395-0309. The food pantry, located at 1548 S. Main St., Antioch, is a non-profit organization run by volunteers who distribute food to families in need three days every week.

FINE ARTS FOUNDATION FEATURED ARTIST

Bernita Schutte and Virginia Morrisseau are the featured artists for the Month of February at Antioch Fine Arts Foundation (AFAF). AFAF is dedicated to the education and promotion of art in and around the Lake county area.

Bernita Schutte has a working knowledge of oil, watercolor, drawing and sculpting. She has developed her style over the years by incorporating techniques learned from classes taken at the Oakton Park Art League, Oakton Community College, and CLC to name a few. Bernita works primarily in oils and is continuing to hone her abilities by taking private lessons with Marnie Warren, an accomplished portrait artist, located in Wildwood.

Virginia Morrisseau's venture into art started very early and by the age of 9 she won a scholarship from the Boston Museum of Fine Art. Her career as a mechanical engineer moved her to the Midwest in the 1960's. Thirteen years ago was when she discovered her medium of choice: Encaustic. Upon research she found the formula she uses today from a book written in the 1940's. Virginia, an ongoing "Advanced Painting" student at CLC, teaches her method to aspiring artists in one-day workshops at AFAF and at the Lemon Street Gallery in Kenosha. Her work was juried into the December show at the Pollard Gallery in Kenosha and can currently be seen at the National City Bank in Grayslake through the end of February.

Bernita's realistic scenic oils contrast nicely with Virginia's Impressionist Style Encaustic works of art resulting in a very interesting and exciting show. Come enjoy this February Show at The Gallery located at 983 Main Street, Antioch, IL. Hours: Th/Fr/Sa 10am - 4pm; Su 12 - 4pm. For more information call during regular operating hours at 746-838-2274 or visit our website: www.antiochfinearts.org
